

Journal of
**TROPICAL PLANT
PHYSIOLOGY**

The Journal of Tropical Plant Physiology (JTPP) is published by the Malaysian Society of Plant Physiology

A professional scientific body dedicated towards promoting research and development in tropical plant biology

VOLUME 5 ♦ 2013

CONTENTS

	Page
Effect of Fruit Drop on Harvesting Schedule and Oil Yield of <i>Jatropha curcas</i> L. <i>Silip J.J., Tambunan A.H. and Jalloh M.B.</i>	1 – 9
Preliminary Assessment of Exponential Nutrient Loading and Arbuscular Mycorrhizal Inoculation on the Physical Growth of <i>Acacia mangium</i> and <i>Khaya senegalensis</i> Seedlings in Tropical Forest Nursery <i>Jeyanny, V., Wan Rasidah K., Lee S.S., Ghazali M.H. and Fauzi M.S.</i>	10 – 21
Amelioration of Water Stress by Potassium Fertilizer in Chickpea (<i>Cicer arietinum</i> L.) <i>Kataria N. and Singh N.</i>	22 – 32
Impact of Gibberellic Acid Pretreatment on Growth and Flowering of Tuberose (<i>Polianthes tuberosa</i> L.) cv. Prajwal <i>Rani P. and Singh P.</i>	33 – 41
Influence of Arbuscular Mycorrhizal Fungi (AMF) Inoculation on Plant Growth Performance, Physiological Changes and Yield Quality of Sweet Basil Grown in Soilless Culture Media <i>Shuhada K., Puteri Edaroyati M.W. and Radziah O.</i>	42 – 60

EDITORIAL BOARD OF JTPP

Chief Editor : Assoc. Prof. Dr. Roohaida Othman
Universiti Kebangsaan Malaysia

Members : Dr. Elizabeth Philip
Forest Research Institute Malaysia

Dr. Mohd Haniff Harun
Malaysian Palm Oil Board

Mr. Ahmad Nazarudin Mohd Roseli
Forest Research Institute Malaysia

Assoc. Prof. Dr. Phebe Ding
Universiti Putra Malaysia

Dr. Tsan Fui Ying
Universiti Teknologi MARA

Assoc. Prof. Dr. Uma Rani Sinniah
Universiti Putra Malaysia

Dr. Zamri Ishak
Malaysian Agriculture Research and Development Institute

JOURNAL OF TROPICAL PLANT PHYSIOLOGY

(JTPP) is the official journal of the Malaysian Society of Plant Physiology, and publishes peer-reviewed research papers dealing with all aspects of basic and applied areas of tropical related plant science. The journal covers a range of disciplines from molecular and cellular physiology through whole plant physiology to ecosystem physiology. The main focus of the journal is to disseminate original research information in biotechnology, cell and developmental physiology, crop physiology and physiological ecology, environmental stress physiology and adaptation, plant biochemistry, plant nutrition, postharvest physiology, reproductive physiology and whole plant physiology. The aim of the journal is to promote research and development especially in tropical plant biology.

Journal of Tropical Plant Physiology is published twice a year. The editorial board reserves the right to select articles or information submitted for publication in Journal of Tropical Plant Physiology.

Editorial correspondence should be sent to:
